After vast discussion with the Committee, Hunters Crossing Homeowners Association Board and Doc Dunlap (Developer) the board has requested through the HOA Management company, HOA Services of Sumter the removal/adjustment of the “No Fireworks” provision in the Hunter’s Crossing Covenants listed below. This will allow the residents to store and fire off fireworks within the community. The Bylaws/Covenant rewrite is currently being conducted but has not been recorded with the county. Therefore, this memorandum covers the time from June 25, 2019 until the date that the Bylaws/Covenant rewrite is recorded with Sumter County.

**ARTICLE VI Provision 13.** No fireworks shall be stored, used, sold, displayed, or shot or exploded on any part of the property, or any additions or extensions thereto. (Recorded with the City of Sumter 08 July 2010)
